

Experience **Freelance Web Developer, Designer, Consultant**

Current, since
January 2006

Projects uses css3, HTML5, jQuery, LESS, SASS, Git, Wordpress theme and plugin customization, AngularJS, SVG animation, CiviCRM integration, and Salesforce integration. Clients have included Apple, IBM, Metallica, C3 Presents, Chipotle, and more.

Recent Experience

Lenovo HTML5 Infographic (static.solutions.lenovo.com/gov-ecosystem-infographic/index.html)

Worked closely with the Dialog Group team to bring their SVG-based interactive sales graphic design to life. Project required HTML5, jQuery and css3 animation

Thundercloud Subs (thundercloud.com)

Built custom Wordpress theme and functionality for Thundercloud Subs multi-location franchise. Site includes AJAX-driven location finder, custom post subsection, and responsive design.

Weddings in Houston (weddingsinhouston.com)

New responsive site includes a custom ad click tracking and analytics system as well as separate permissions and experiences for vendors and the newly engaged.

For more samples of my work, please see my online portfolio: jpilantrose.com/portfolio.html

May 2006
to March 2010
